

## Design Technology

The children design and make a wide variety of items using real life situations and problems. They experiment with, use and learn to select the correct materials and tools for the job and to use the tools safely and correctly.

## Art

The children paint and draw pictures, make models, weave, sew and learn to use a variety of tools and materials. They use a wide variety of media to develop skills and promote the imagination.

They also look at work done by famous artists, try working in a similar style and discuss the outcomes of their work.

Children are encouraged to take part in performing arts too. A dance club, choir, drama club offer the children opportunities to be part of whole school musical productions each year and to take part in performances as part of inter school dance and music festivals.
