Disposal of Nappies and Personal Protective Equipment

Date	Review Date	Coordinator	Nominated Governor
15.10.14	15.10.15	Caroline Howett	

We acknowledge the Environmental Protection Act 1990 and have in place a strategy for dealing with the segregation and safe disposal of nappies, other soiled items and personal protection equipment such as gloves and disposal plastic aprons. We believe it is essential to have in place the necessary risk assessments to deal with this type of waste.

We understand that nappies, incontinence pads and similar items are classified as offensive/hygiene waste rather than clinical/infectious waste. Offensive/hygiene waste includes incontinence and other waste produced from human hygiene, sanitary waste, disposable medical items, personal protection equipment, animal faeces and soiled animal bedding.

We are aware that offensive/hygiene waste is not clinical waste, is not dangerous for carriage, and is suitable for disposal at a non hazardous landfill site without further treatment. It is our policy to ensure that such waste will be segregated from general school waste such as paper and other items.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

Aims

- To ensure the safe disposal of all offensive/hygiene waste such as nappies and personal protection equipment.
- To ensure risk assessments are in place to deal with the safe disposal of offensive/hygiene waste.
- To work with other schools to share good practice in order to improve this policy.
