

The National Curriculum includes a non-statutory programme for Religious Education. Our school is non-denominational and our R.E. is based upon Derby City's 'All Our Worlds', a copy of which is available in school.

There is a collective act of worship each day, which may take the form of a whole school assembly, small assemblies or class gathering and is broadly Christian. Parents who wish to withdraw their child from worship or R.E. lessons are asked to contact the Head teacher.

The children are encouraged to talk about and compare different religions and to identify similarities between religions of the world.
