

Safeguarding Newsletter

June 2024

Welcome to our Safeguarding Newsletter for Parents

This newsletter is designed to enable us to share information with you about the many ways in which we support our children and families to keep safe.

This half term our focus is 'Stranger Danger'. We will also provide information about who you can speak to about Child Protection and Safeguarding in School.

Safeguarding

Working together, everyone's responsibility.

Our Special Visitors

During the last week of the Summer 1 Term PCSO Isla and PSCO Brad came to our school to speak to us about **Stranger Danger**.

They worked with every year group from Nursery to Year 2 to help us think and learn about how to stay safe when we are out in the community and online.

This newsletter contains the key messages that were shared with the children.

Do we know our online friends?

It is always important to remember that our online friends may not always be who they say they are.

They may use a fake name or date of birth to make them seem appear the same age as you.

They may change their location to make it seem like they live close to you.

They may use avatars so you don't know what they look like.

They may try and encourage you to share personal information with them.

What is personal information?

Personal information is information that identifies you, some examples are:

Your date of birth

Your address

Your phone number

Photographs of you

The school you go to

If anyone asks you for any of this information when you are playing a game online, **DO NOT** share it with them.

Safety tips for playing games online

-  Never accept friend requests from people that you don't know.
-  Never use a webcam or live streaming app with people that you have met online.
-  Never share photographs of yourself.
-  Never share personal information.
-  Never meet up with someone that you have only spoken to online.

Where to find support

If something doesn't feel right or you see something that upsets you, you must ask for help.
