

Background

The use of technology is an essential part of all of our lives. At Cavendish Close Infant and Nursery School, we take our responsibilities for supporting your child to develop skills in using technology very seriously, and their safety and wellbeing are our utmost priority to us.

We ask all children, young people and adults involved in the life of Cavendish Close Infant and Nursery School to read and sign an Acceptable Use Policy (AUP) to outline how we expect them to behave when they are online, and/or using school networks, connections, internet connectivity and devices, cloud platforms and social media (both when on school site and outside of school).

Your child has also agreed to an AUP which is available on the school website.

We tell your children that **they should not behave any differently when they are out of school or using their own device or home network**. What we tell pupils about behaviour and respect applies to all members of the school community, whether they are at home or school. We seek the support of parents and carers to reinforce this message and help children to behave in a safe way when online:

“Treat yourself and others with respect at all times; treat people in the same way when you are online or on a device as you would face to face.”

Where can I find out more?

You can read Cavendish Close Infant and Nursery School’s full Online Safety Policy on the school website for more detail on our approach to online safety and links to other relevant policies (e.g. Safeguarding Policy, Behaviour Policy). If you have any questions about this AUP or our approach to online safety, please speak to Mrs C Diffin (Designated Safeguarding Lead) or Miss C Brown (Online Safety Lead).

What am I agreeing to?

1. I understand that Cavendish Close Infant and Nursery School uses technology as part of the daily life of the school when it is appropriate to support teaching & learning and the smooth running of the school, and to help prepare the children and young people in our care for their future lives.
2. I understand that the school takes every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials, including behaviour policies and agreements, physical and technical monitoring, education and support and web filtering.
3. School network protections will be superior to most home filtering. However, please note that accessing the internet always involves an element of risk and the school cannot be held responsible for the nature and content of materials accessed through the internet and mobile technologies. Schools are asked to not overblock or provide an experience which is so locked down as to block educational content or not train pupils for life in an online world.
4. I understand that internet and device use in school, networks, and cloud platforms out of school is subject to filtering and monitoring. More detail of this can be found in our Online Safety Policy which can be found on the school website.

5. I understand and will help my child to use any devices at home in the same manner as when in school.
6. I will promote positive online safety and model safe, responsible, and positive behaviours in my own use of technology, including on social media: not sharing other's images or details without permission and refraining from posting negative, threatening, or violent comments about others, including the school staff, volunteers, governors, contractors, pupils, or other parents/carers.
7. When I visit the school premises, I will keep any online technology in my pocket wherever possible.
8. I will support the school's social media policy and will make sure my child does not join any platform or game where they are below the minimum age (for nearly every social media platform, this means under 13 years old).
9. I will not share images of other people's children on social media and understand that there may be cultural or legal reasons why this would be inappropriate or even dangerous. The school sometimes uses images/video of my child for internal purposes such as recording attainment, but it will only do so publicly if I have given my consent.
10. I will not covertly film or make recordings of any interactions with pupils or adults in the school. If I wish to make any recording, we request you speak to Mrs C Diffin (Headteacher).
11. I understand that for my child to grow up safe online, s/he will need positive input from school and home, so I will talk to my child about online safety and refer to parentsafe.lgfl.net for advice and support on safe settings, parental controls, apps, and games, talking to them about life online, screentime and relevant topics from bullying to sharing inappropriate content.
12. Research tells us that the majority of children are now accessing artificial intelligence in some form, which is available for free on most mainstream apps and social media platforms. There are some significant risks involved with this including talking to chatbots, and the use of nudifying apps and image creators to create inappropriate and illegal images/videos. I will talk to my child about these risks. Find out more at parentsafe.lgfl.net.
13. I understand that whilst home networks are much less secure than school ones, I can apply child safety settings to my home internet and to various devices, operating systems, consoles, apps and games. Find out more at parentsafe.lgfl.net. There are also child-safe search engines e.g. [swiggle.org.uk](https://www.swiggle.org.uk) and YouTube Kids is an alternative to YouTube with age appropriate content. SafeSearch can also be setup to filter explicit content from searches.
14. I understand that it can be hard to stop using technology sometimes, and I will talk about this to my children, and refer to the principles of the Digital 5 A Day: childrenscommissioner.gov.uk/our-work/digital/5-a-day/
15. I will not attempt to track my child during the school day or on school trips, e.g. with Apple AirTags or similar devices. Not only is this against the terms and conditions of these products, it is unhelpful to the operation of the school, can broadcast the location of children to passing users and can lead to unnecessary distress among parents e.g. if a school trip has an unannounced change of route.
16. I understand and support the commitments made by my child in the Acceptable Use Policy (AUP) which s/he has agreed to, and which can be found on the school website, and I understand that s/he will be subject to consequences if s/he does not follow these rules.

17. I can find out more about online safety at Cavendish Close Infant and Nursery School by reading the full Online Safety Policy on the school website and can talk to the safeguarding team, or online safety lead, if I have any concerns about my child/ren's use of technology, or about that of others in the community, or if I have questions about online safety or technology use in school.
